

HERMANN FIGHTS HARD FOR LIBERTY

Defendant's Counsel Sets Up
Plea of Variance Between
Indictment and Facts.

ACCUSED OF DESTROYING
LETTER PRESS COPY BOOKS

Jury Is Excused Until Monday;
Court Takes Matter Under
Advisement.

WASHINGTON, Feb. 21.—In the trial of Representative Binger Hermann of Oregon today on a charge of destruction of thirty-five letter-press copy-books when he was commissioner of the General Land office, counsel for the defense made a new plea to dismiss the case. Counsel offered to prove that there was a fatal variance between the indictment against the defendant and the facts as they existed when the true bill was returned.

Counsel for the government objected and the jury was excused during the discussion of the point involved. The defendant's counsel outlined their contention that the indictment did not particularize when it might have done so; that the destroyed books were kept in the commissioner's private office; and the facts as they existed when the true bill was returned.

That variations in the indictment and the evidence, according to the defense, should operate as an acquittal for Mr. Hermann.

The government's counsel took a different view, maintaining the indictment as a description of the thirty-five letter-press copy-books was sufficient to inform the defense of the charge he would be required to meet. Justice Stanford deferred a decision in the matter and the jury was excused until next Monday.

A TONIC AND A SPECIFIC

Remedy That Makes New
Blood Cures Disease.

Dr. Williams' Pink Pills Will
Restore Your Lost Strength.

They Are a Doctor's Pre-
scription, Not a Cure-All,
and Have One Purpose,
to Make Rich Blood.

General debility is due to impure blood. Its causes are worry, overwork, failure of the body to regain its health after a severe sickness, lack of nourishment from a disordered digestion, or some drain upon the body, all of which result in thinning the blood, preventing it from carrying health and nourishment to the tissues of the body.

Mr. John F. Williams of 911 Lincoln St., Anderson, Ind., who is in the boot and shoe business, says: "In 1897 I was taken sick with typhoid fever, which left me completely run down. I went back to work before I entirely recovered my strength and the close confinement of the store was too much for my weakened body. I did not give up as I should have done, but kept at my work, although I suffered a great deal from sick headaches and pains in the back. The sick headaches came on me about every ten or twelve days, and the doctors said they were caused from my eyes. My stomach was weak, appetite poor and complexion sallow. I had night-sweats, which so weakened me that I had little interest in my work."

"I tried several doctors but got no better, and remained in this condition until I read about Dr. Williams' Pink Pills and started to take them. I got so much relief from the first few boxes that I used them until I was perfectly cured. I am perfectly well now, but I think I should have been a weak man for many years if I had not used the pills."

Dr. Williams' Pink Pills make rich, red blood, enabling it to carry life and strength to the weak nerves and other tissues of the body. They are a specific for such blood diseases as anemia, rheumatism, the after-effects of the grip and fevers, and for such nervous diseases as dizziness, sick headaches, neuralgia, and have accomplished miraculous results even in partial paralysis and locomotor ataxia.

Dr. Williams' Pink Pills are for sale by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

When four years old she went with her father, Theodore Sharp, to Salt Lake City, where he was accidentally killed. The family became separated and Mary Sharp went to Ventura with her half brother. In that city she was married to Franklin Martin, who has had large experience in mining and prospecting.

HOSTS OF GOOD PEOPLE

Over This Blessed Land Rise Up and Praise Dr. Pierce's Family Medicines.

Common Gratitude Prompts This Sentiment in Favor of Dr. Pierce's Medicines.

These people, so ready and anxious to recommend Dr. Pierce's Medicines, have themselves been cured, or some friend or loved one has been cured, by these medicines. Naturally, a sense of gratitude prompts such persons to recommend Dr. Pierce's medicines to other afflicted ones. Notwithstanding that these medicines have been on general sale, in drug and medicine stores, for more than two decades, yet their sale continues to grow as it could not were they not medicines of more than ordinary merit.

Although base attacks have sometimes been made upon Dr. Pierce's medicines, which temporarily injured their sale, as in the case of the maliciously, false, and libelous article published in 1904 in the Ladies' Home Journal of Philadelphia, yet their sale is greater to-day than ever. The publishers of that paper were brought to account and judgment obtained against them in consequence of their malicious article concerning Dr. Pierce's Favorite Prescription. The falsity of its statements were proven in open court and judgment was obtained against the publishers for a substantial amount.

Thereupon Dr. Pierce decided to take a bold step and publish to the whole world a full list of the ingredients entering into his medicines, and this completely confounded his malicious traducers and vindicated both the Doctor and his medicines. In consequence, his medicines have enjoyed a popularity and increase in sale of late, amounting almost to a boom, and it is believed that this greatly increased demand is due largely to the fact of Dr. Pierce's open, honest way of treating his patrons and patients by republishing confidence in those who trust in him and his medicines. He has no secrets to withhold from them. He publishes the composition of his medicines openly and above board, so that all who use them may know exactly what they are taking. Thus they are placed in a class all by themselves and cannot be considered as either secret or patent medicines, for they are in fact neither.

WHAT THEY CURE. People often ask "What do Dr. Pierce's two leading medicines—Golden Medical Discovery and Favorite Prescription—cure?"

Briefly, the answer is that "Golden Medical Discovery" is a most potent purgative or blood-purifier, and tonic, or invigorator, and acts especially favorably on the system in all cases of catarrh of the nasal passages, the throat, larynx, bronchia, stomach (as catarrh of the stomach), bowels (as catarrh of the bowels), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is generally successful in effecting cures. In fact the "Golden Medical Discovery" is without doubt, the most successful constitutional remedy for all forms of catarrhal diseases known to modern medical science. In chronic Nasal Catarrh Dr. Sages Catarrh Remedy should be used for washing and cleansing out the nasal passages while taking the "Discovery" for its blood cleansing and specific healing effects upon the mucous lining membranes. This combined local and general treatment will cure a very large percentage of the worst cases of chronic nasal catarrh, no matter how many years' standing they may be. As to the "Favorite Prescription," it is a powerful, yet gently acting, purgative, and acts especially favorably on the system in all cases of leucorrhoea, irregularities, premenstrual pains, and other displacements, ulceration of uterus and kindred affections, often after many other advertised medicines had failed.

Both these world-famed medicines are wholly made up from the glyceric extracts of native medicinal roots, found in our American forests. The processes employed in their manufacture were original with Dr. Pierce, and they are carried out by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each of their wrappers. They are both made of such native medicinal roots as have received the strongest endorsement and praise for their curative virtues from the most prominent writers on Materia Medica in this country. What is said of their power to cure the several diseases for which they are advised may be easily learned by sending your name and address to Dr. R. V. Pierce, Buffalo, N. Y., for a little booklet which he has compiled, containing copious extracts from numerous standard medical books, which are consulted as authorities by physicians of the several schools of practice for their guidance in prescribing. It is sent to all. A postal card request will bring it.

You don't have to rely solely upon the manufacturer's say-so as to the power of Dr. Pierce's medicines to cure, as with other medicines sold through druggists. You have the distinguished testimony of a host of the leading medical writers and teachers. Send for this copious testimony. It can be relied upon to be truthful because it is entirely disinterested.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pleasant Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is just as good. They are the original Little Liver Pills first put up by Dr. Pierce over 40 years ago. Much imitated, but never equaled. They are tiny sugar-coated granules—easy to take as candy.

THE CHARLTON SHOP

—OUTFITTERS FOR WOMEN—

TO THE LADIES OF SALT LAKE CITY.

It will be our pleasure next week to present to you the achievement of two world-famous Parisiennes—Mme. Foulde de Gras, the painter, and Margaine La Croix, the modiste, who was awarded the grand prize at the Paris exposition for the most artistic creation in gowns. The united geniuses of these two extraordinary leaders in their respective arts made perhaps the most revolutionary advance ever discovered in women's dress.

The pictures of Mme. Foulde de Gras hung in honor places in the art galleries of Europe and America, and the gowns by Mme. Margaine La Croix for European nobility and the women of America's smartest set, were the precursors of this most artistic product. Working together they seemed "to create a grace beyond the reach of art." Unfettered by narrow precedents, approaching a labor of love with spirits unhampered and freed from set rules by their art training, with no wrong principles learned to follow, and with only NOW and their great art as a foundation they evolved and created a new corset—a corset essentially different from any hitherto known—a corset with all the qualities of true elegance, symmetrical beauty, refined taste and poetic attraction.

Mme. Foulde de Gras, understanding to a nicety the value of art and its lines, contributed this knowledge and invented the pattern. Mme. Margaine La Croix, as the artistic dressmaker, understood to perfection the construction of a correctly fitting garment. The combination was ideal. It had been the province of one to paint, the other to gown, the world's most charming examples of femininity. Their two arts blended and their achievement was ideal too.

Written description cannot do this clever French idea in corsetry justice. We give you only an anticipatory hint when we tell you that these corsets—"L'Inextinguible" and "The Gossard"—LACE IN FRONT. Instead of endeavoring to describe them we lace a sincere and cordial invitation to come and see for yourself this foundation for a perfect costume at the exploitation demonstration which will be given in our corset section commencing next Monday morning, under the personal supervision of Mme. Foulde de Gras, expert corsetier. Yours respectfully,
